Client reviews

Testimonial for YN Stone Solutions Ltd

- Two years ago, YM Stone Solutions did an excellent job repairing and cleaning our penthouse limestone floors, which cover a large area. Before this work was carried out, the stone had been difficult to maintain and was discoloured and cracked. Good stone repairers are hard to get, so we were very happy to find YN Stone Solutions. Now the floors look great and require very little work.

I certainly recommend this company.
